The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

Ordinance amending Title 14, Chapter 2, Section 2 of the Revised Ordinances of the City of Newark, New Jersey, 1966 as amended and supplemented by adding a Paragraph (d) requiring anyone convicted of engaging in prostitution to undergo testing for Acquired Immune Deficiency Syndrome.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. Title 14, Chapter 2, Section 2, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented, be and the same is hereby amended and supplemented as follows:

- (d). Any person(s) found guilty in any court of law of being engaged in soliciting or in prostitution in the City of Newark as described in N.J.S.A. 2C:34-1 et seq. shall immediately report to the Department of Health and Human Services for a test to ascertain if said person(s) is infected with the disease Acquired Immune Deficiency Syndrome (AIDS). The full cost of the AIDS test shall be borne entirely by the convicted person(s) with the first preference being the "john", second preference the "pimp" and third preference the "prostitute".

In addition, convicted person(s) shall be required to report back to the Department of Health and Human Services within six (6) months from the date of their initial AIDS test for the purpose of undergoing a second AIDS test. The full cost of said test shall be borne by the convicted person(s) in accordance with the aforementioned preference. The Department of Health and Human Services shall maintain confidential records of all person(s) convicted of violating N.J.S.A. 2C:34-1 et seq., who are required to report for AIDS testing.

The failure to report for AIDS testing shall result in a fine with a minimum of \$100.00 and maximum of \$1,000.00, or imprisonment for a term not exceeding 90 days, or both.

SECTION 2. All prior ordinances or parts thereof inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

At a later time in the meeting, President Martinez stated the following:

"It's very sad and disappointing because Mayor Sharpe James met yesterday with the majority of the Members of this Council and showed a press statement where he indicated that he was going to sign it. That was yesterday. This ordinance has been on the books for several months, and I can't understand where the Administration is in their review right from the beginning, where you wait until the Council has a Council Meeting at 1:00 P.M., you met with us yesterday at 2:00 P.M., and you tell us that you are going to support it and that you are going to sign it, and then twenty-four hours later you do a flip. I don't understand it, but maybe I do. However, it's my understanding, Mr. Clerk, that the Mayor has several options. He can approve it and sign it, he can't sign it where it becomes law or he can veto it. I am going to request that you find out where the veto is. I assume that when he says that he is not going to sign it, it means that he is going to veto it. Upon receipt of the veto of the ordinance, I would like at that point to request a special meeting with the Newark City Council to consider the override of the Mayor's veto of this ordinance, and perhaps Glenn Grant or the Mayor are not aware that just recently in the State of Virginia the Superior Court upheld the constitutionality of testing anyone convicted of any crime for AIDS."

A lengthy discussion was held by the Members of the Municipal Council.

President Martinez called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Martinez, seconded by Councilman Harris and declared adopted by President Martinez by the following votes:

Absent: Councilman Carrino.

President Martinez: The yeses are eight, the noes are none and one absent. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

At a later time in the meeting, after Motion 7-M-j, Councilman Carrino requested his vote be recorded in the affirmative on the ordinance.

JANUARY 20, 1988

January 20, 1988

SHARPE JAMES
MAYOR
NEWARK, NEW JERSEY
07102

January 15, 1988

Mr. Robert Marasco
City Clerk
City Hall
920 Broad Street
Newark, New Jersey 07102

RE: AN ORDINANCE AMENDING TITLE 14, CHAPTER 2, SECTION 2 OF
THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY,
1966, AS AMENDED AND SUPPLEMENTED BY ADDING A PARAGRAPH
(d), REQUIRING ANYONE CONVICTED OF ENGAGING IN PROSTITUTION
TO UNDERGO TESTING FOR ACQUIRED IMMUNE DEFICIENCY
SYNDROME

Dear Mr. Marasco:

As the chief executive officer of the City of Newark, I have taken an oath of office to uphold and obey the laws of our City, the State of New Jersey and the United States of America. This is an obligation and duty, which I do not take lightly.

The principles that distinguish this country from so many others are based on laws and a system of justice for all citizens. No matter how good our intentions, we cannot violate our constitutional responsibilities.

It is obvious to us all that this deadly disease is not a local issue, but has reached epidemic proportions throughout our nation. I have joined with other big city mayors in asserting that AIDS is a national problem requiring top federal priority and increased funds to combat lethal illness.

In our understandable haste to address this dilemma let us not forget that having AIDS is not illegal. Just as the courts have held that people who abuse drugs and alcohol are not criminals and cannot be prosecuted purely because of their physical condition, neither can we impose criminal penalties on AIDS victims. The persons having this disease face certain death and are worthy of having the same medical treatment as are others confronted with terminal illnesses.

This also brings to mind the issue of human rights. Unfortunately, discriminatory action is often taken against those persons known to have AIDS by landlords, employers, co-workers and neighbors simply out of fear.

On my return from the National League of Cities Public Technology Institute meeting in Washington, D.C. January 4, where I had read about the proposed ordinance in the Washington Post, I discussed coverage of this matter with the City Council. Thereafter, I was presented with a ruling by our Corporation Counsel, Glenn A. Grant, indicating his opinion that the proposed ordinance was unconstitutional and illegal in its present form. All this occurred before the Municipal Council voted on the aforementioned ordinance.

Mr. Grant has advised that the ordinance is unconstitutional because the State Legislature has preempted the Municipal Council from enacting legislation determining criminal penalties. Therefore, the local governing body cannot impose penalties for prostitution greater than those already determined by state statute. In addition to enclosing the provision from the statute which defines this limitation, let me point out that the Code of Criminal Justice (2C:1-5 d) provides:

Notwithstanding any other provision of law, the "local governmental units of this State may neither enact nor enforce any ordinance or other local law or regulation conflicting with, or preempted by, any provision of this code" or with any policy of this State expressed by this code, whether that policy be expressed by inclusion of a provision in the code or by exclusion of that subject from the code.

My basic objection to this ordinance is on legal grounds. I understand, and I share the City Council's concerns about both problems, but we must look for solutions that are both effective and sensitive and legal.

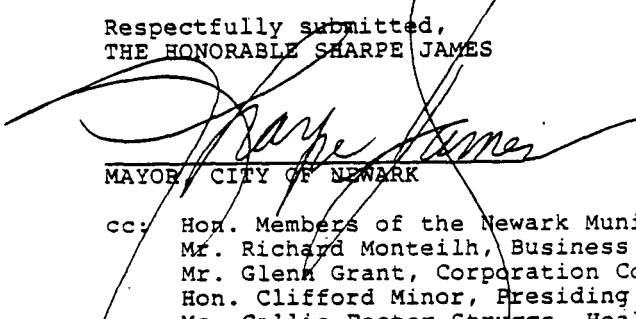

I further wish to forewarn the Honorable Members of the Council that any effort to disregard the constitutional ramifications and human rights violations resulting from passage of this ordinance may bring unfavorable media attention to Newark. Even more importantly, approval of this measure will subject Newark taxpayers to unnecessary lawsuits and put a drain on our already overburdened municipal treasury.

At the same time, I have ordered our Police Department to continue its vigorous enforcement of laws governing prostitution and have instructed our Sexually Transmitted Disease Clinic to redouble its efforts in screening and counseling its patients.

I welcome any opportunity to work cooperatively with the members of the Newark Municipal Council in our mutual desire to find solutions to this major health problem.

In closing, I hereby affix my signature in vetoing this unconstitutional and illegal ordinance, 6S and F-S, as currently posed in respecting the ruling of Newark's Corporation Counsel, Mr. Glenn Grant.

Respectfully submitted,
THE HONORABLE SHARPE JAMES

MAYOR, CITY OF NEWARK

An appeal in this matter was filed in the Office of the City Clerk on November 4, 1987 by Gustavo J. Perez, attorney for 26 Appellants.

The transcripts in connection with this matter was received January 7, 1988, and each Member of the Council was furnished with a copy of the transcript and other parts of the record.

On January 7, 1988, the City Clerk notified the applicant, the appellant's attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting January 20, 1988, at 8:00 P. M., in the Council Chamber, Second Floor, City Hall, Newark.

Temporary President Harris stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment in the matter of application of Celestino Garcia, Applicant and Owner, to permit in a 2nd Industrial District the establishment of a Body and Fender Shop and Spray Painting at premises 175-181 South Street (45-51 Dawson Street). We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means they may state the reasons for their position on the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

This is the time and the place for the appeal to commence.

City Clerk Marasco stated the following:

"Mr. President, the attorney for the appellants has submitted a letter asking for a deferment on this matter until the next regularly scheduled meeting of the Municipal Council to be held February 3, 1988 at 1:00 P. M. because he has another meeting scheduled for January 20, 1988."

On May 6, 1987, there was a resolution introduced by my colleague George Branch, commending the Housing Authority and Milton Buck. On March 4, 1987, there was a resolution introduced by my colleague, George Branch commending Milton A. Buck and also Isaac Thomas. On December 18, 1986, there was a resolution by my colleague commending Milton Buck. On December 18, 1985, there was a resolution introduced by George Branch commending Milton Buck. What I'm saying to you is that it really gets to the point, where you have to wonder what is happening within a period of approximately two or three years. We have five resolutions commending the same person. Also during that time, we've had major criticisms in regard to HUD. Quite frankly, I'm very happy that HUD has finally got to the point where they can find something of worth at the Housing Authority. I'm not sure whether that is the Board of Commissioners or whether that is, in fact, the Executive Director. So I would just like to say that I'm glad we saw fit to table this because it gets to the point where you get five resolutions within a period of approximately two and a half years and you wonder whether in fact we're really commending somebody."

BOARD OF ADJUSTMENT.

4-A-1.

The City Clerk read In the matter of application of Celestino Garcia, Applicant and Owner, to permit in a 2nd Industrial District the establishment of a Body and Fender Shop and Spray Painting at premises 175-181 South Street (45-51 Dawson Street).

(Copy of transcript submitted to each Member of the Council)

(26 Appellants)

(Board of Adjustment hearings held August 26 and October 28, 1987)

(Transcripts filed January 7, 1988)

The Board of Adjustment at its regular meeting held August 6, 1987 postponed the hearing to October 28, 1987.

The Board of Adjustment at its regular meeting held October 28, 1987, approved the application by 7 ayes and 0 naves.

An appeal in this matter was filed in the Office of the City Clerk on November 4, 1987, by Gustavo J. Perez, Attorney for 26 Appellants.

The transcripts in connection with this matter were received January 7, 1988, and each Member of the Council was furnished with a copy of the transcript and other parts of the record.

On January 7, 1988, the City Clerk notified the applicant, the appellants the appellant's attorney and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting January 20, 1988, at 8:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

A meeting was held January 20, 1988, and the Municipal Council deferred action on the application.

On January 21, 1988, the City Clerk notified the applicant, the applicant's attorney, the appellants' attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting February 3, 1988, at 1:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

President Martinez stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment In the matter of application of Celestino Garcia, Applicant and Owner, to permit in a 2nd Industrial District the establishment of a Body and Fender Shop and Spray Painting at premises 175-181 South Street (45-51 Dawson Street). We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means that they may state the reasons for their position on the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

This is the time and the place for the appeal to commence.

MR. GUSTAVO PEREZ, ATTORNEY FOR 26 APPELLANTS, addressed the Members of the Municipal Council requesting that the Board of Adjustment's decision in this matter be denied. He noted the decision was granted arbitrarily since applicant showed no special reason why this variance should be granted. He noted there have been several problems relating to the alarms going off during the night and no one responding, disturbing residents living in close proximity to the building.

President Martinez read the following statement:

"On October 28, 1987, the Board of Adjustment by a vote of 7-0 granted a variance subject to one condition, to permit the establishment of a body and fender shop and spray painting at premises known as 175-181 South Street (45-51 Dawson Street).

February 3, 1988

This property is located in the 2nd Industrial District. The City of Newark's Zoning Ordinance at 27:3-49 states that a building or premises shall be used only for uses permitted in the First Industrial Districts.

The First Industrial District Regulations lists at 27:3-44 (25) "Garages where body and fender work and spraying is done" as an exception to the purposes for which a building or premises may be used.

A variance was therefore requested for the use of the property for the establishment of a body and fender shop and spray painting.

A hearing was held on the application for the variance by the Board of Adjustment. The applicant, Celentino Garcia was present along with his three partners. Due to Mr. Garcia's lack of facility in English, one of the partners, Julio Moreno, presented testimony as to the proposed use.

Initially the application requested a variance for a body and fender shop and a rooming house. The application was amended to include spray painting and to delete the request for a rooming house.

There were some twelve objectors, some of whom were represented by Attorney Gustavo J. Perez. Objecting testimony was given by Mr. Perez, as well as Madelyn Chicalese, Evon Lugo and Fernando Ortiz.

We note that in filing his appeal to the Municipal Counsel, attorney Perez has stated for name of appellant "See attached List of Property Owners (26)". The list has some twenty-seven names (several are repeated on the list) and includes Celestino Garcia as well as the Newark Housing Authority and the Newark Board of Education. It is not clear from the list who are included as appellants.

After all testimony was presented, the application for the rooming house was withdrawn and the Board of Adjustment adopted a resolution dated October 28, 1987 approving the application for the body and fender shop and spray painting subject to (1) parking lot connected to building. The decision was based on the following factual findings:

1) This lot is located on the southwest corner of South Street and Dawson Street. It is approximately 99'x110' in size and on it is located a building formerly used for soda bottling. The area within the 200-foot radius is composed of residential, commercial and industrial uses and a school.

2) Parking for 29 cars shown on plans.

3) Property is fenced.

4) Will employ 20 people

5) Applicant withdraws application for rooming house.

6) Site allows for all work to be done inside confines of site.

The Board further determined that the relief requested by the Applicant Celentino Garcia can be granted without substantially impairing the intent and purpose of the Zone Plan and Zoning Ordinances of the City of Newark based on the following reasons:

1) Grant of variance will allow viable business to locate on site peculiarly suited for use.

Thus, the Board concluded that the applicant had established reasons for the granting of the variance and that the relief can be granted without substantial detriment to the public good or impairment of the intent and purpose of the Zoning Ordinance.

Pursuant to legislative authority the Board of Adjustment shall have the power to permit a use or principal structure in a district restricted against such use or principal structure if there are "special reasons" and the relief can be granted "without substantial detriment to the public good and will not substantially impair the intent and purpose of the Zone Plan and Zoning Ordinance."

Under the present law, this Council, as the governing body, has the authority to make de novo review of the record established before the Board of Adjustment and reach its own decision in this matter, subject only to the requirement that its finding and conclusion are supported by the record. Kressler vs. Bowker, 174 N. J. Super 478 (App. Div. 1979). The Council is directly responsible to the citizenry and has the right to apply its own expertise and knowledge of the community and make a final evaluation based on the record created before the Board. Thus, this Council may reverse, remand or affirm, wholly or in part, or may modify the final decision of the Board.

Applying such a standard of review the Council has reviewed the transcript of the hearing before the Board of Adjustment and make the following determinations:

1. This Council agrees with the Board of Adjustment's conclusion granting the present variance.

2. Objections to the application were:

- (a) against the rooming house (which application was withdrawn); and
- (b) against the body and fender shop and spray painting as not being a residential use and as posing alleged environmental difficulties.

3. The area is not zoned as a residential area and it was testified that in fact there are several body and fender and spray painting shops nearby. There was no evidence as to environmental impact, merely speculation.

4. Extensive testimony was given as to the amount and quality of renovation done by the applicant to the buildings and site. It was testified that the premises had already received Fire Department and Electrical approval.

5. The Chairman of the Board of Zoning, Mr. Daniel Webster is a resident of the area, and highly knowledgeable concerning the residences and businesses located there. He objected to the impact a rooming house would have on the community, but not the body and fender shop and spray painting. The Board's vote in favor was 7-0.

6. The Counsel has received no complaints to date concerning the operation of the body and fender shop and spray painting.

February 3, 1988

Based on the foregoing reasons the Council is affirming the Board's decision granting a variance permitting the establishment of a body and fender shop and spray painting subject to parking lot connected to building in the 2nd Industrial District was made by President Martinez, seconded by Councilman Tucker and declared adopted by President Martinez by the following votes:

Yes: Councilmen Branch, Carrino, Grant, Harris, Payne, Rice, Tucker, Villani, President Martinez.

President Martinez directed the City Clerk to forward to Mr. Celestino Garcia a copy of the burglar alarm ordinance.

WITH ALL OF THOSE ITEMS TAKEN OUT, EXCLUDED FROM THE BUDGET, THE TAX RATE ON THE MAYOR'S BUDGET INTRODUCED THIS AFTERNOON IS \$15.64., AN INCREASE OF 80¢ OVER WHAT WAS INTRODUCED ON JANUARY 15TH. BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. Title 4, Chapter 2, Section 17 of the Revised Ordinances of the City of Newark, New Jersey, is hereby amended to read as follows:

4:2-17. One thousand foot rule; exceptions:

(a) To encourage the reasonable distancing of retail establishments:

(1) no plenary retail consumption license may be transferred to any location within 1,000 feet of any other plenary retail consumption license;

(2) no plenary retail distribution license may be transferred to any location within 1,000 feet of any other plenary retail distribution license.

(b) Section (a) shall not apply to renewals for the same premises and transfer of licenses from person-to-person within the same premises.

(c) Notwithstanding section (a) the Newark A.B.C. may in its own discretion grant a place-to-place transfer to the same licensee within 600 feet of that licensee's existing licensed premises if the transfer is made in good faith and solely benefits that same licensee.

(d) Section (a) shall not apply to the grant or transfer of a plenary retail consumption license for premises operated as a bona fide hotel or motel containing at least 100 guest sleeping rooms, notwithstanding that such premises operated as bona fide hotel or motel are within 1,000 feet from any other premiss then covered by any other plenary retail consumption license or any plenary retail distribution license. Nothing contained in this paragraph shall prevent the granting or transferring of a plenary retail license within a distance of 1,000 feet from a bona fide licensed hotel or motel.

(e) Notwithstanding the above mentioned 1,000 foot limitation affecting the transfer of any retail plenary consumption or distribution licenses, at their discretion, may allow transfer of any retail plenary consumption or distribution licenses, at their discretion, may allow transfer of such license free of such 1,000 foot limitation herein fixed in the event of any licensee's premises being taken for any municipal, county, state or federal project; provided, nevertheless, the new location to which the license is to be transferred under this exception shall not be located within a distance of 600 feet of a then existing location

licensed to do business under a like license as the one being transferred. Said 600 foot distance shall be measured in the manner as herein provided for the measuring of the 1,000 foot distance. In the event any transfer of a license should be allowed under this exception, no license shall thereafter be transferred to the premises or any part thereof so vacated by such transfer, nor within, or a radius of 600 feet thereof: provided, however, that all other provisions of this title are complied with.

(f) Any contract to purchase premises, or any agreement containing an option to purchase premises, or any leasehold agreement which has been entered into prior to December 10, 1961, to cause a removal of a license-holder to a place of business within 750 feet of the license-holder's present place of business, which contract of purchase, or option in any agreement, or leasehold interest to be obtained, is filed with the Newark A.B.C. prior to December 10, 1961, shall not be bound by the 600 foot rule in this section.

(g) This section has as its only effect the 600 foot distance hereinabove stated and is not intended to declare that the transfer in and of itself would be granted inasmuch as all of the other necessary pre-requisites must be shown to the Newark A.B.C.

(h) Section (a) shall not apply to any transfer, or assignment of a present license-holder's right to a contract to purchase, or agreement containing an option to purchase, or leasehold agreements to come into effect in the future. This section applies only to an existing licenseholder as of December 10, 1961.

(i) The 1,000, 600 or 750 feet referred to in this section shall be measured by a circle having a diameter of the applicable measurement. The

center of this circle shall be the front door as indicated on the City's Official Tax Map of the premises sought to be licensed. Any other premises falling within such distance, in part or in whole, shall be deemed to be within the applicable measurement for the purpose of this title. It shall be the responsibility of the licensee to have a licensed surveyor prepare a map showing these facts. BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. Title 4, Chapter 2, Section 17, of the Revised Ordinances of the City of Newark, New Jersey, 1966, is hereby amended to read as follows:

4:2-17. One thousand foot rule; exceptions:

- (a) To encourage the reasonable distancing of retail establishments:
- (1) No plenary retail consumption license may be transferred to any location within 1,000 feet of any other plenary retail consumption license;
 - (2) No plenary retail distribution license may be transferred to any location within 1,000 feet of any other plenary retail distribution license.

- (b) Section (a) shall not apply to renewals for the same premises and transfer of licenses from person-to-person within the same premises.
- (c) Notwithstanding Section (a), the Newark A.B.C. may in its own discretion grant a place-to-place transfer to the same licensee within 600 feet of that licensee's existing licensed premises if the transfer is made in good faith and solely benefits that same licensee.
- (d) Notwithstanding Section (a), the Newark A.B.C. may in its own discretion grant a place-to-place transfer for an existing license where the licensee has obtained the prior consent of the following via affidavit:
 - (1) 100% of all owners of existing liquor licensed premises within 1,000 feet of the proposed premises to be licensed;
 - (2) All public entities, such as schools and churches within 1,000 feet of the proposed premises to be licensed; and
 - (3) At least 75% of all other property owners within 1,050 feet of the proposed premises to be licensed. Said affidavits must be filed with the Newark A.B.C. at least 7 days prior to the hearing on said transfer.
- (e) The proposed transfer shall not be located within the first or second residential zone as shown on the zoning maps of the City of Newark.
- (f) The applicant for the proposed premises to be licensed shall accept as a restriction on the license that said premises shall include a restaurant as its principal business in conjunction with the sale of alcoholic beverages at the proposed premises. Notwithstanding R.O. 4:1-1 (b), any transfer granted pursuant to this ordinance shall comply with the opening and closing hours as set forth in R.O. 4:1-1 (a).
- (g) Section (a) shall not apply to the grant or transfer of a plenary retail consumption license for premises operated as a bona fide hotel or motel containing at least 100 guest sleeping rooms, notwithstanding that such premises operated as a bona fide hotel or motel are within 1,000 feet from any other premise then covered by any other plenary retail consumption license or any plenary retail distribution license. Nothing contained in this paragraph shall prevent the granting or transferring of a plenary retail license within a distance of 1,000 feet from a bona fide licensed hotel or motel.
- (h) Notwithstanding the above-mentioned 1,000 foot limitation affecting the transfer of any plenary retail consumption or distribution license, the Newark A.B.C. may, in its discretion, allow transfer of such license free of such 1,000 foot limitation herein fixed in the event of any licensee's premises being taken for any municipal, county, state or federal project; provided, nevertheless, the new location to which the license is to be transferred under this exception shall not be located within a distance of 600 feet of a then existing location licensed to do business under a like license as the one being transferred. Said 600 foot distance shall be measured in the manner as herein provided for the measuring of the 1,000 foot distance. In the event any transfer of a license should be allowed under this exception, no license shall thereafter be transferred to the premises or any part thereof so vacated by such transfer, nor within a radius of 600 feet thereof; provided, however, that all other provisions of this title are complied with.

- (i) Any contract to purchase premises, or any agreement containing an option to purchase premises, or any leasehold agreement which has been entered into prior to December 10, 1961, to cause a removal of a license-holder to a place of business within 750 feet of the license-holder's present place of business which contract of purchase, or option in any agreement, or leasehold interest to be obtained, is filed with the Newark A.B.C. prior to December 10, 1961, shall not be bound by the 600 foot rule in this section.
- (j) This section has as its only effect the 600 foot distance hereinabove stated and is not intended to declare that the transfer in and of itself would be granted inasmuch as all of the other necessary pre-requisites must be shown to the Newark A.B.C.
- (k) Section (a) shall not apply to any transfer, or assignment of a present license-holder's right to a contract to purchase, or agreement containing an option to purchase, or leasehold agreement which becomes effective in the future. This section applies only to an existing license-holder as of December 10, 1961. Any other premises falling within such distance, in part or in whole, shall be deemed to be within the applicable measurement for the purpose of this title. It shall be the responsibility of the licensee to have a licensed surveyor prepare a map showing these facts.
